

Career Technology Scheme of Work - B8 Term 3

Career Technology - B8 - Term 3

Week	Topic	Strand	Sub-strand	Content Standard	Indicator	Resources
1	Functions of simple structures and mechanisms	Technology	Simple Structures and Mechanisms, Electric and Electronic Systems	B8/JHS2.4.1 Demonstrate understanding of simple structures and systems.	Explain the functions of simple structures and mechanisms.	Models, Simple circuit kit, Structure diagrams, Projector
2	Electric and electronic systems in everyday products	Technology	Simple Structures and Mechanisms, Electric and Electronic Systems	B8/JHS2.4.1 Demonstrate understanding of simple structures and systems.	Demonstrate understanding of electric and electronic systems in everyday products.	Models, Simple circuit kit, Structure diagrams, Projector
3	Technology systems in design and production	Technology	Simple Structures and Mechanisms, Electric and Electronic Systems	B8/JHS2.4.1 Demonstrate understanding of simple structures and systems.	Relate technology systems to design and production needs.	Models, Simple circuit kit, Structure diagrams, Projector
4	Integrated systems review	Technology	Integrated Systems Review	Integrated systems review.	Summarise simple structures, mechanisms and basic systems learned in the term.	Models, Simple circuit kit, Structure diagrams, Projector
5	Communicating design with detail	Designing and Making of Artefacts/Products	Communicating Design	B8/JHS2.5.1 Demonstrate knowledge and skills in communicating design.	Use more detailed sketches and notes to communicate design ideas.	Sketch pad, Pencils, Design brief cards, Sample products
6	Writing design briefs from problem situations	Designing and Making of Artefacts/Products	Designing	B8/JHS2.5.2 Demonstrate knowledge and skills in designing.	Write design briefs from observed problem situations.	Sketch pad, Pencils, Design brief cards, Sample products
7	Researching and analysing design problems	Designing and Making of Artefacts/Products	Designing	B8/JHS2.5.2 Demonstrate knowledge and skills in designing.	Research design problems and analyse information gathered.	Sketch pad, Pencils, Design brief cards, Sample products
8	Writing and justifying design specifications	Designing and Making of Artefacts/Products	Designing	B8/JHS2.5.2 Demonstrate knowledge and skills in designing.	Write design specifications and justify them.	Sketch pad, Pencils, Design brief cards, Sample products
9	Production planning and	Designing and Making of	Planning for Making	B8/JHS2.5.3 Demonstrate	Develop production	Sketch pad, Pencils,

	scheduling	Artefacts/Products	Artefacts/Products	knowledge and skills in planning for making artefacts/products.	plans and schedules for making products.	Design brief cards, Sample products
10	Estimating materials and sequencing operations	Designing and Making of Artefacts/Products	Planning for Making Artefacts/Products	B8/JHS2.5.3 Demonstrate knowledge and skills in planning for making artefacts/products.	Estimate material needs and sequence of operations.	Sketch pad, Pencils, Design brief cards, Sample products
11	Making products from planned designs	Designing and Making of Artefacts/Products	Making Artefacts from Compliant, Resistant Materials and Food Ingredients	B8/JHS2.5.4 Demonstrate knowledge and skills in making artefacts/products.	Make simple products using planned designs and selected materials.	Sketch pad, Pencils, Design brief cards, Sample products
12	Appraising and improving finished products	Designing and Making of Artefacts/Products	Making Artefacts from Compliant, Resistant Materials and Food Ingredients	B8/JHS2.5.4 Demonstrate knowledge and skills in making artefacts/products.	Appraise finished products and suggest improvements.	Sketch pad, Pencils, Design brief cards, Sample products
